TERMS OF SALE.

PHILADELPHIA, January 25, 1908.

All bills purchased after this date will be charged at the prices quoted herein,—unless *special offers* are made by letter or telegram and *referred to* in the order. Not less than ten pounds of one variety will be invoiced at the rates per hundred pounds.

Terms of Credit.—To regular customers and well-known houses of established credit, all bills bought from this catalog are due June 1st, without regard to date of purchase. *All accounts are subject to sight draft on June 10th, if payment is not received previously by mail.* Goods purchased after June 1st are payable on October 1st and subject to sight draft.

Bills purchased on special quotations, made by letter or telegram, are *net* sixty days from date of invoice, or subject to a discount of one and a half per cent. for cash within ten days of date of invoice.

Grass and Clover Seeds, Onion Sets and Seed Potatoes in quantity, are invariably **net cash**.

Unknown correspondents desiring credit are requested to give satisfactory reference in Philadelphia or New York.

Cash Discount.—We allow a discount of **Five Per Cent.** on orders accompanied by a cash remittance, and also on all bills (at catalog prices) paid within ten days from date of invoice, or a discount of **One Per Cent. a month** on all bills (at catalog prices) if paid before June 1st.

The Prices Quoted are those ruling at this date. We expect to adhere to them through the spring, except where important changes compel us to advance or reduce our prices, when we shall be governed by the market. **10 lbs. and more will be supplied at the rates per 100 lbs.:** $\frac{1}{2}$ lb. and $\frac{1}{2}$ bushel at pound and bushel rates; but *smaller quantities will be charged at a higher rate.*

NO CHARGE for Packing or Cartage.—Bags and boxes are charged *at Cost*. After delivering to forwarders in **good order** (as shown by Bill of Lading) our responsibility ceases.

Insurance will be effected only when so directed.

SEALED PACKAGES.—We make no charge for sealing **pounds, pecks, or bushels**, but at the low bulk prices quoted therein, we shall charge for putting up in smaller sealed packages, when so ordered, as follows:

In Ounces.—One cent per ounce, 50 cts. per 100 ounces.

In Quarter-Pounds, Pints, and Quarts.—Two cents for each package.

In Two-Quarts and Four-Quarts.—A charge of three cents per package.

WE DO NOT COMMISSION SEEDS.—In response to hundreds of inquiries each year, we would state that we **positively decline to send out any Seeds on Commission**. Dealers handling seeds in packets will be supplied on liberal terms, and by ordering judiciously, those left over can be destroyed, and the business yet be more profitable and satisfactory than the handling of commission seeds.

Discounts TO THE TRADE From our Retail Prices.

In our retail Catalog—**BURPEE'S FARM ANNUAL FOR 1908**—are many varieties of seed and books for which frequently other Seedsmen receive retail orders. We supply

All Seeds in Packets at 50 Per Cent. Discount.

500 Packets or more at 60 Per Cent. Discount.

Except the New Spencer Sweet Peas.

Small quantities from our retail Catalog, which cannot be invoiced at the low pound or bushel prices quoted herein, are charged at the following rates of discount from retail prices:

Seeds by the Ounce, - - - -	40	per cent. discount
Seeds by the Quart or Pint, - - - -	33 $\frac{1}{3}$	" "
Seeds in Collections, - - - -	40	" "
Potatoes by the Pound, - - - -	40	" "
Bulbs in Collections, - - - -	20	" "
Roses and other Plants, - - - -	20	" "
BOOKS on Garden Topics, - - - -	40	" "

At the above liberal rates of discount the goods travel at expense of purchaser, and when sent by mail the cost of postage will be added to the invoice.

Cable Address, BURPEE, Philadelphia.

SEEDS OF "THE BURPEE-STANDARD"

A Few Words About Quality in Seeds.

If you buy a ton of coal or a suit of clothes, you can judge what the quality is and decide whether you are paying a fair price. In buying seeds this is impossible. No one can tell from examination of the seeds whether they have been carefully saved from choice pedigree stocks, or whether they have been produced cheaply to sell wholesale at low prices. In fact, it is impossible to see any difference in appearance between turnip seed worth 40 cts. per lb., cabbage worth \$2.00, or cauliflower seed worth \$40.00 per lb. They all *look alike*,—but how different the resulting crops!

Buying seeds, therefore, must be entirely a matter of confidence.

Increasing numbers of planters are learning that we aim to tell *the plain truth* and strive always to maintain our motto that

Burpee's Seeds Grow and are the Best Seeds that Grow

You may get from other responsible growers seeds "*just as good*," but you cannot procure better nor can you get seeds *uniformly so good* for less money.

PHILADELPHIA, PA., January 25, 1908.

To Dealers in Seeds:

The remarks above are reprinted *verbatim* from BURPEE'S FARM ANNUAL FOR 1908,—a copy of which has been mailed to you. Our purpose in repeating here is to emphasize the fact that we supply the same selected stocks to merchants who order from us. The fact that,—**without any travelers on the road**,—our wholesale trade is increasing even more rapidly than our retail business, shows that more and more dealers are constantly learning that **it pays** to make competition on **quality**, rather than on price.

We are **actual GROWERS of Seeds**, having our own farms in Pennsylvania and New Jersey, supplemented by private contracts throughout America and Europe, subject also to our personal inspection.

The prices in this catalog have been fixed carefully on the basis of actual values, yet we are always prompt to quote **special prices** by mail or telegram. Please write or wire us if you are offered first-class seeds, by reputable seedsmen anywhere, at lower prices. Trusting to be favored with your orders, we remain,

Yours truly,

Burpee Building:

475 and 477 North Fifth St.,
476 and 478 York Avenue.

BURPEE, Philadelphia,

Is Our Registered Cable Address.

All foreign customers are requested to advise us of their **shortest cable address**. Customers in America who wish to telegraph will also, occasionally, find it useful to use the following additional code.  Please note the **code-words** below that would be used in our **reply**, either by cable or telegram.

FOR OFFERS AND INQUIRIES.

CODE-WORD.	TRANSLATION.
<i>Daubling</i>	Telegraph your lowest prices for
<i>Dean</i>	Mail your lowest prices for
<i>Decoy</i>	Mail your lowest prices for, and send samples.
<i>Defend</i>	Telegraph when goods can be shipped.
<i>Defender</i>	Advise immediately by mail how soon goods will be shipped.
<i>Deform</i>	Can you offer for acceptance by mail ?
<i>Deject</i>	Can you offer any ? If so, telegraph prices.
<i>Delude</i>	Can you offer any ? If so, mail prices.
<i>Derange</i>	Telegraph quantities you can offer of following, with prices.
<i>Descend</i>	State by letter quantities you can offer of following, with prices.
<i>Descry</i>	When can you ship.....?

Code-words that will be used in OUR ANSWERS.

<i>Dab</i>	{ In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations the varieties named below, provided they are unsold upon receipt of your order.
<i>Dabster</i>	Letter written contains full information.
<i>Dacite</i>	We accept your order for
<i>Dagger</i>	We accept your order for, and shall ship at once.
<i>Dainty</i>	We accept your order for, and shall ship as directed.
<i>Damsel</i>	We offer you for immediate acceptance, subject to being unsold.
<i>Dance</i>	We accept your offer and shall ship as directed.
<i>Dander</i>	Will make you shipment
<i>Dapper</i>	Cannot accept your order for
<i>Dapple</i>	{ Part of your order went forward by freight on expect to ship balance
<i>Dapperling</i>	Can accept your order for only (lbs. or bushels)
<i>Daptus</i>	We are now sold out of
<i>Darby</i>	{ Part of your order went forward by express on expect to ship balance
<i>Dardanus</i>	Please repeat your message, it is not clear.
<i>Dard</i>	Cannot now supply but offer as a good substitute

Code for positive ORDERS.

<i>Dargie</i>	Send immediately by <i>express</i> following seeds at catalog prices.
<i>Darken</i>	Send immediately by <i>freight</i> following seeds at catalog prices.
<i>Darnel</i>	Send immediately by <i>mail</i> following seeds at catalog prices.
<i>Dare</i>	Send immediately the following by <i>freight</i> , per special quotations.
<i>Dared</i>	Send immediately by <i>express</i> the following, per special quotations.
<i>Darling</i>	Send immediately by <i>mail</i> the following, per special quotations.
<i>Dasher</i>	{ Send at once following.....; let the other seeds follow as quickly as possible.
<i>Dashing</i>	{ Have you shipped our order? If not, increase if possible our order for to pounds (bushels).
<i>Datary</i>	{ Send immediately by express. Let balance of order follow by freight.
<i>Dation</i>	Duplicate our last order.
<i>Datisca</i>	Book our order and await instructions by mail.
<i>Daturein</i>	Please add to our order.

Telegraphic Cipher (or Cable Code)

FOR WEIGHTS AND MEASURES.

The telegraphic cipher word for quantities must always precede the cipher words for seed, but if the same quantity of several varieties is ordered, the cipher word meaning that quantity need be placed only before the first. For example:

Arad Navy, Purity, Benares, Calliope, Chalice, Malmo Balcony, would mean, ship at once, cheapest route, ten pounds each **NAVY BLUE** and **SADIE BURPEE SWEET PEAS** (white-seeded), twenty-five pounds each **BURPEE'S ALLHEAD EARLY CABBAGE** and **OXHEART CARROT**, and ten bushels **BURPEE'S STRINGLESS GREEN-POD BEANS**.

Our customers will find this a very inexpensive way of wiring their orders, but we must caution them that care be taken in writing out the messages, as we cannot hold ourselves responsible for errors arising from incomplete messages or incorrect translation.

IMPORTANT.—This telegraphic cipher must be used **ONLY** on orders by telegraph or cable, and never in written orders sent by mail.

TELEGRAPHIC CIPHER FOR PRICES.

The cipher or code-words given on this page are principally for our use in making quotations. For example :

Dab Cefalu Carding Davit, Tokay Pallium Defix, would mean : In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations, provided unsold upon receipt of your order, one hundred pounds BURPEE'S SUREHEAD CABBAGE at \$1.00 per pound, two hundred bushels BURPEE'S BEST EXTRA EARLY PEAS at \$3.00 per bushel. These code-words can be used also if, when placing a telegraphic order, you wish to specify price quoted. For example :

Dare Calicut Chanter Dang, Mocha Bib Despoil, meaning : Ship at once by freight, as per special quotations, seventy pounds CHANTENAY CARROT at 35 cts. per pound, sixteen bushels BURPEE'S BUSH LIMA BEANS at \$5.25 per bushel.

By exercising ordinary care in preparing the telegram you can save time and money by the use of our code system. When possible, telegraphic orders are filled and shipped the same day they are received.

For Code-words for Quantities, Orders, etc., see pages 2 and 3.

Best Seeds that Grow for 1908,

Tested and Proved at our Fordhook Farms.

THIS PACKAGE (IF UNBROKEN) CONTAINS ONE OUNCE OF

Here follows the same "electrotyped" label as printed on our packet bags,—giving in full the name of the variety, and in case of the more important Vegetables and Flowers, also an illustration, description, and frequently directions for culture. Every package bears our full firm name, and is neatly printed in black ink, presenting a more attractive appearance than do the usual gaudy lithographed bags.

Every ounce-package is **dated** as above.

Packets, although not dated (because the electrotypes generally require the entire front of the bag), are all filled with the same choice quality of the **Best Seeds that Grow for 1908.**

W. ATLEE BURPEE & CO., Seed Growers.

Seeds of the best quality cost very much more to produce than do seeds of the ordinary commercial grade. And yet many merchants, having little or no knowledge of the value of **High-class Seeds**, purchase their supplies wherever they can be obtained the cheapest. It was brought to our notice that some merchants would buy a bill of seeds from us, obtain copies of our catalogs and show-cards, and then purchase a portion of their supplies from other seedsmen, who, growing "*cheap seeds*," could sell at much lower prices. In many cases planters who purchased from their local merchants, thinking that they were obtaining **BURPEE'S SEEDS**, got only a few of our seeds (perhaps in packets), and often the seeds bought by weight or measure were of inferior quality, falsely sold on our reputation, but for which we were not in any way responsible.

This deception was brought so prominently to our attention some years ago that we debated seriously whether we should not decline altogether to sell **BURPEE'S SEEDS** at wholesale. Further consideration, however, showed us that this would hardly be fair to the honorable merchants who had been handling our seeds exclusively for years. Therefore we announced that—

Hereafter we will sell Burpee's
Seeds **ONLY** in sealed packages.

Packets and ounces, in *Water-tight Manilla Bags*, are sealed, and bear, plainly printed, either **our Name or Registered Trade-mark Monogram**, protected by United States Letters Patent. Quarter-pounds, pounds, pints, and quarts, in paper bags, have pasted across the top a **green label**, as below :

BURPEE'S SEEDS THAT GROW

FOR 1908—"BEST BY TEST"

Genuine Only if this Seal is Unbroken

SEEDS IN BULK,—that is, Peas, Beans, etc., by the peck or bushel, and quantities of small seeds in bags, will have **each sack sealed with our Trade Mark on a leaden seal.**

This plan will be a protection to honest merchants from competition with other seeds falsely claimed to be **BURPEE'S SEEDS**, and at the same time will be a guarantee to the purchaser.

**LARGE DEALERS WHO SELL ON THEIR OWN REPUTATION
CAN BUY SEEDS IN BULK FROM US, AS HERETOFORE.**

While every sack is sealed, the contents can be handled as desired,—except that they must not be sold as **BURPEE'S SEEDS**, unless in **original packages.**

Burpee's Vegetable Seeds.

TEN POUNDS OR MORE WILL BE CHARGED AT 100-POUND RATES.

 This Price List Cancels all Previous Quotations. 

 **A Telegraphic Cipher (or Cable Code)** is attached to each variety, by which orders can be wired at little expense,—using also our code for prices, weights, and measures as given on pages 2, 3, and 4. For example:

Darken Pelew Balcony would mean: Send immediately, by fast freight, forty bushels of BURPEE'S STRINGLESS GREEN-POD BEANS at catalog price.

Dared Breda Cage would mean: Send immediately, by express, fifty pounds of best select JERSEY WAKEFIELD CABBAGE as per special quotation.

Darnel Amoy Lantern would mean: Send immediately, by mail, three pounds of seed of BIG BOSTON LETTUCE.

 Please use telegraph cipher only for telegraphic or cable orders.

Telegrams should be addressed,

W. ATLEE BURPEE & CO., Philadelphia.

Our Cable Address is: **BURPEE, Philadelphia.**

The Burpee-Quality in Seeds!

Burpee's Seeds cost but little more than do usual commercial grades,—and yet are worth much more. At our own farms in Pennsylvania and New Jersey, as well as in the gardens of Planters everywhere, BURPEE'S SEEDS are proved by test to be the BEST SEEDS THAT GROW. Consequently, we hold THE LARGEST MAIL-ORDER SEED TRADE IN THE WORLD.

W. ATLEE BURPEE & Co.

Lower Prices could easily be quoted were we not practical growers and testers of seeds ourselves.

Were we willing to take simply the "say-so" of other growers in America and Europe, without proving the stocks in greenhouses, frames, and open field trials, we should save thousands of dollars annually. In that case, however, we would never have succeeded in building up and maintaining,—in spite of close competition,—a business that is acknowledged to be the largest direct mail-order seed trade in the world.

Beware of so-called "Cheap" Onion Seed.

The Onion is universally grown in every section and is one of the most profitable market-garden crops, repaying many fold any extra care in preparing and fertilizing the ground and subsequent cultivation. No feature of this crop, however, is more important than the planting of **a strictly high-grade strain of seed**, as the proper preparation of the soil and cultivation of the crop involve considerable outlay. The profitable returns depend altogether on the sure ripening of the bulbs, and such a reliable strain of seed can be grown only from choice selected well-ripened bulbs. Our Onion Seed is grown for us under the most thorough and critical inspection, and we confidently claim it is the choicest that it is possible to produce.

Golden Queen (Sunrise).....	<i>Trident</i>	1 50	

We Devote Special Attention to Growing TOMATOES.

By the most careful continued selection we are enabled to offer strains which produce uniformly smooth fruits, of the most solidly fleshy character and fine quality. These strains have been developed, however, at the expense of the *quantity* of seed produced, and the price of this high-grade seed is necessarily higher than that at which inferior strains can be sold.

TURNIP,—White-Fleshed.

NOTE.—Ten pounds or more will be supplied at 100-pound rates.

	Tel. Cipher.	Per lb.	Per 100 lbs.

Grass Seed

has for years received special attention at our hands.

Samples of all the leading varieties are annually tested at

FORDHOOK FARMS. In this way we have become acquainted not only with the best varieties for use in mixtures, but have learned also from experience the most desirable for all purposes.

We offer one grade only, and that the best that can be obtained, and do not handle any of the so-called "chaff" grades.

Our mixtures are all made up from first-class heavy seed, and this fact should be borne in mind when comparing prices.

Burpee's Flower Seeds

are just as carefully and as thoroughly

tested as our **Vegetable Seeds** and we

know that there is not offered seed of any better quality than stocks we now have in our warehouse.

If you have never carried flower seeds in stock, there is no better way to try the taste of your customers than by offering the special Sweet Pea, Nasturtium, and Gem Collections, offered on pages 60 and 61.

Our **Flower Seed Box**, offered on page 59, gives a very convenient way of handling the separate packages at a very slight cost.

"Proved by Test." Unless you should order some variety that we do not catalog and instruct that we get it for you (when we shall send it at your risk,—in its original package), you may be absolutely sure that you will receive from us only such stocks of strictly high-grade seeds as have been proved absolutely **"Best by Test."**

Many seedsmen have much to say about tested seeds, but unfortunately with most dealers this applies only to blotter tests for vitality. Our tests for vitality are *soil* tests. While necessary that *seeds grow*, it is of prime importance that they shall be of choicest selected strains, such as can be relied upon to produce products **"true to type."** This can be learned only by thorough field trials. No other seedsmen in America make so many or such complete trials as are conducted annually at our famous FORDHOOK AND SUNNYBROOK FARMS.

**BURPEE'S SEEDS GROW and are famous
for the Uniform Excellence of their Products**

Choice Strains of Tall Sweet Peas,

Including all the desirable varieties—both new and old.

By hundreds of thorough trials made every year at our famous FORDHOOK FARMS we know SWEET PEAS and the merits of all the many novelties as introduced. Keeping Purity and High Quality, rather than low prices, our first aim, we have become recognized as

Headquarters for Sweet Peas in America.

Each is pure and true to name,—vastly superior to the "Cheap Seed" so largely grown without the proper care in the constant selection that is absolutely necessary to maintain first-class stocks.

OUNCES of Sweet Peas are **one-tenth** pound prices, **except** that no variety will be supplied at less than **four cents per ounce**. Varieties priced at 35 cts. or less per pound are charged at **ten cents per ¼ pound**. Varieties priced at 45 and 50 cts. per pound are charged at 15 cts. per ¼ pound, while those priced at 60 cts. per pound are charged at 20 cts. per ¼ pound.

For full descriptions see THE FARM ANNUAL FOR 1908.

New Sweet Pea,— Burpee's White Spencer

"The grandest and most magnificent sight ever seen in the way of Sweet Peas." Thus began the field note made in California last June by our inspector when first viewing the crop. From our own inspection the previous season (1906) and trials at FORDHOOK, we think he was hardly too enthusiastic,—although from examination of *Etta Dyke* and *Purity* as grown in England the past summer we should not be surprised if the three varieties (of similar origin) would prove to be identical. This remains to be proven when they can be thoroughly tested side by side in 1908.

Burpee's White Spencer produces in the greatest profusion flowers of enormous size that are *absolutely pure white*. It is white-seeded and comes true to the Countess Spencer type. The standard is *decidedly waved*, crinkled and fluted; the wavy wings are so folded, that the keel is almost hidden. The standard

A Single Flower of the New
BURPEE'S WHITE SPENCER
Exactly Natural Size

measures from one and three-quarters to two inches across by one and three-eighths to one and five-eighths inches in depth. The wings are fully an inch wide and nearly as deep as the standard. The flowers are borne three and four to the stem and are uniformly well placed. The stems are extra strong and measure from twelve to fifteen inches in length.

The vines are most vigorous in growth, with heavy foliage, and attain a height of from ten to twelve feet. They are nearly covered with bloom, while the flowers retain their enormous size throughout the season. Of fine substance the magnificent flowers are unsurpassed for cutting and for keeping after being cut.

In sealed packets containing ten seeds each: **Per pkt. 15 cts.; 2 pkts. for 25 cts.; \$1.00 per doz. pkts.; \$7.00 per 100 pkts.** In lots of 500 pkts. or more, **\$6.25 per 100 pkts.**

In sealed packets containing 25 seeds each: **Per pkt. 25 cts.; 5 pkts. for \$1.00;** In lots of 500 pkts. or more, **\$12.50 per 100 pkts.** (Code word, **White**.)

Burpee's Primrose Spencer

This is a fitting companion to *Burpee's White Spencer*. The vine is equally as thrifty and free flowering, but slightly shorter in growth, attaining a height of eight to nine feet. The flowers are well placed on strong, thick stems, ten to twelve inches long, and are borne never less than three flowers, and sometimes four flowers, to the stem,—as shown in the illustration in *THE FARM ANNUAL FOR 1908*. The standard measures one and three-quarter inches to nearly (if not quite) two inches across by about one and one-quarter inches deep; the wings are an inch across by one and one-eighth inches deep. The texture is fully as substantial as in *Burpee's White Spencer*.

The color is a *pronounced primrose* or creamy-yellow throughout both standard and wings. It is more decided in depth and richness of color than the popular *Mrs. Collier*, which, of course, it outranks in form and size. Both standard and wings are thoroughly crinkled or "waved."

The notice below applies only where a large number of packets (five hundred to a thousand or more) are desired, as we have, of course, reserved a sufficient quantity for filling orders received during season from our regular wholesale customers. Prices same as quoted above for **BURPEE'S WHITE SPENCER**. (Code word, **Primrose**.)

Burpee's Primrose Spencer has, much to our surprise, almost equaled the white in popularity, and as our crop did not produce as much seed as we had estimated we are now obliged to report **sold out** (in a wholesale way) on this variety. We can still fill orders for **BURPEE'S WHITE SPENCER**,—we consider this the better of the two.

BURPEE'S BUSH SWEET PEAS.

	Telephone Code.	Per lb.
Blanche Burpee. Flowers two-thirds size of tall variety,	Fabella	\$0 30
Blanche Ferry. Bears the popular pink and white flowers,	Faber	30

Stella Morse. In color identical with tall <i>Stella Morse</i> ,	Hitting	30
White. The original variety. (Per 100 lbs. \$27.50),	Honey	30
Cupids Mixed. Many varieties. (10 lbs. at 28 cts. per lb),	Hymn	30

Burpee's "Superb Special" Improved Best New Mixed Sweet Peas for 1908.

This "brand" of the finest large-flowered Sweet Peas in mixture is *absolutely unequalled*! The seed has been blended, from our own crops, in carefully considered proportions from forty-two of the finest varieties grown separately,—embracing all shades of the finest "*grandiflora*" colors,—excepting striped varieties. We have used the *New Mrs. Collier* exclusively for the clear primrose and the fadeless *Queen Alexandra* for the brightest scarlet. Exactly one-third of this NEW BLEND FOR 1908 is made up of these two and ten other Novelties never before included. Among these are *Henry Eckford*, *Sybil Eckford*, *Queen of Spain*, *Agnes Eckford*, *Evelyn Byatt*, *Bolton's Pink* and *Horace Wright*,—all in liberal proportions.  Probably no other mixture offered at any price for 1908 will include these Superb Novelties, five or six of which sold last year at the rate of 25 cents for 20 seeds!

Per lb. \$1.00; 5 pounds at 95 cts. per lb.; 10 pounds or more at 90 cts. per lb.

BURPEE'S FLOWER SEEDS.

ONE-QUARTER pound furnished at pound rates, and one-quarter ounce at ounce rates, where not less than sixty cents per ounce. Of the cheaper flower seeds, not less than one-half ounce will be supplied at ounce rates. *Not less than one ounce will be supplied of varieties priced at 15 cts. or less per ounce.*

These flower seeds are all of the finest strains of the best varieties, and are sure to give satisfaction. While many are grown by ourselves at FORDHOOK AND SUNNYBROOK FARMS or by our private growers in America, all are tested thoroughly both for vitality and purity. Those that are imported are obtained only from the best growers in Europe, whose gardens we have repeatedly inspected. The whole makes a collection unexcelled in uniform excellence of quality and vastly superior to the commercial grades commonly sold. It is generally admitted that we grow a larger area of Flower Seeds, and test all varieties more thoroughly on our own grounds, than do any other American seedsmen.

As is well known, we are headquarters for Sweet Peas (see preceding pages), supplying the most critical trade, both at home and abroad, with thousands of pounds annually.

We call your attention especially to our Nasturtium seed, which is grown for us under careful supervision, and is of a quality much superior to the usual strains offered to the trade.

Burpee's Fordhook Farms are Famous as the Most Complete Trial Grounds in America!

Farm in Southern New Jersey) all things are tested, and we only "hold fast to that which is good!" Here (and on our Sunnybrook The past year (1907), on our own farms, there were more than five thousand trials in the open fields and more than thirteen thousand soil tests—in greenhouses, hot-beds, and cold-frames—for vitality,—making a total of more than eighteen thousand tests!

The vitality can be tested easily before planting, but no one can tell from an examination of the seeds whether they are of a high-grade pedigree strain or the veriest rubbish.

The fact that more planters order direct from us,—year after year,—than from any other firm in the world shows that BURPEE'S SEEDS have been proved trustworthy. Mistakes, however, may occur sometimes, and no honest seedsman can assume responsibility for more than the price actually paid by the purchaser. The fact that for more than thirty years we have continued to state plainly that, where failure is due to any fault of the seed, we would promptly refund the full price paid, should convince even new customers that we have absolute confidence both in the quality of BURPEE'S SEEDS and in the thorough system of safeguards with which we surround their growing, cleaning, and packing.

Nowhere else in America is there expended so much time and money in "proving stocks" as on our Pennsylvania and New Jersey Farms, while at no other warehouse is greater care exercised in handling seeds than in the BURPEE BUILDING, Philadelphia.

BURPEE'S NEW FARM ANNUAL FOR 1908

This complete book, bound in lithographed covers and containing also six superb colored plates painted from nature, is Yours for the asking,—provided you have a garden and will mention where you saw this advertisement. It is an elegant book—the best seed catalog we have yet issued—and offers some most remarkable "NEW CREATIONS" in Vegetables and Flowers, which can be obtained only direct from us. Many a winter's evening can be spent profitably in planning your garden, by a careful study of this book. Shall we send you a copy? If you appreciate *Quality in Seeds* you will say *Yes!*

W. ATLEE BURPEE & CO.

The Largest Mail-Order Seed House

BURPEE BUILDING, - - - - PHILADELPHIA

Summer=Flowering Bulbs

The bulbs offered here are of the finest quality, being grown especially for us; they are all true to name and are now properly stored in our warehouse awaiting orders. Twenty-five bulbs or more of one kind will be supplied at the rates per 100. Special quotations on large quantities. We call attention to our Tuberose, which are particularly fine strains.

BURPEE'S BOX OF FLOWER SEEDS.

This box, which is fully described on opposite page, contains 200 packets of the most popular quick-selling varieties, all of the best quality.

BURPEE'S NEW CABINET OF VEGETABLE SEEDS.

This cabinet is an ornament to any store. A lid, fitting grooves in the side, accompanies each cabinet, making it practically dust proof when put away for another season's use. See page 63 for full description and list of varieties.

BURPEE'S BOX OF FLOWER SEEDS

THIS box of **CHOICE FLOWER SEEDS**, put up in a neat and attractive style, contains the same **fine quality of fresh seed** as supplied to our own critical retail trade. Dealers having had frequent complaints from the flower seeds usually sold, will now find this a pleasing and profitable department of their business. The selection embraces the most popular and quick-selling varieties.

EACH BOX CONTAINS

Five 5-Cent Packets each of

ALYSSUM,—Sweet.	NASTURTIIUM,—Tom Thumb, Burpee's "Gorgeous" Mixture of New Varieties.
ASTER,—Choice Mixed.	NASTURTIIUM,—Fordhook Favorite Climbing, Mixed.
" Finest Mixed Comet.	NASTURTIIUM,—Hybrids of Madame Gunter.
BALSAM,—Burpee's Superb Camellia-Flowered, Mixed.	PANSY,—Fordhook Bedding, Mixed.
CALENDULA,—Double, Mixed.	" Odier Large Blotched.
CALLIOPSIS,—Fine Mixed.	PETUNIA HYBRIDA,—Mixed.
CANDYTUFT,—Mixed.	PHLOX DRUMMONDII,—Large Flowering, Mixed.
CARNATION,—Marguerite, Mixed Colors.	POPPY,—Double Pæony-Flowered, Mixed.
CENTAUREA,—New Double, Mixed.	" The Shirley.
CHRYSANTHEMUM,—Annual Varieties, Mixed.	PORTULACA,—Finest Single, Mixed.
COCKSCOMB,—Dwarf, Mixed.	SALVIA SPLENDENS,—Scarlet Sage.
COSMOS,—All Colors Mixed.	SCABIOSA (Mourning Bride),—Dwarf Double, Mixed.
CYPRESS VINE,—Mixed.	STOCKS,—Dwarf German, Mixed.
DIANTHUS,—Japan and China Pinks, Mixed.	SWEET PEAS,—Eckford's New, Mixed.
GAILLARDIA,—New Double, Mixed.	" " Fordhook "Fancy Flaked," Mixed.
LARKSPUR,—Double Rocket, Mixed.	" " Burpee's "Best Mixed" New Giant.
MARIGOLD,—French Double, Dwarf, Mixed.	SUNFLOWER,—Chrysanthemum-Flowered.
MARVEL-OF-PERU (Four o'clock),—all Colors.	VERBENA HYBRIDA,—Extra Fine, Mixed.
MIGNONETTE,—Mixed.	ZINNIA ELEGANS,—Choice Double, Mixed.
MORNING GLORY,—Tall, Mixed.	
" " Imperial Japanese.	

In all, 200 Packets of Flower Seeds.

40 Varieties, five packets of each, making a total of 200 packets, which, if sold at 5 cts. per packet, amount to a **total retail value of \$10.00.**

Wholesale Price to the Trade, \$4.00 for the Box complete.

It can be sent by mail for 20 cts. additional.

ADDITIONAL PACKETS

of any of the varieties mentioned above, to fill up the box, will be supplied at the uniform price of

\$2.50 per 100 packets, or

\$2.00 per 100 packets, when 500 packets or more are ordered at one time.

BURPEE'S 25-CENT FLOWER SEED COLLECTIONS sell quickly and allow the dealer a margin of ten cents on each collection. Our collections for 1908 are better than ever before,—see pages 61 and 62.

Burpee's "Novelty" Collection of Eight Elegant New Tall Sweet Peas.

For 25 Cts. we will mail one regular retail packet each of the following:

Two New Gigantic "Orchid-flowered" Sweet Peas, the delicate pink PARADISE and deep carmine-rose GEORGE HERBERT,—the richest dark navy-blue, BURPEE'S "BRILLIANT-BLUE," and the brightest "fadeless scarlet" QUEEN ALEXANDRA,—all four of which are shown, painted from nature, on back cover of THE FARM ANNUAL. The elegant new fluted white NORA UNWIN (next best to Burpee's White Spencer),—the gorgeous fiery-orange EVELYN BYATT,—the beautiful new primrose MRS. COLLIER and a mixture of The Gigantic Ruffled "Orchid-flowered" SEEDLINGS OF COUNTESS SPENCER.

Of these "Unequaled Eight," four retail at 25 cts. per pkt. and the other four at 10 cts. per pkt. You thus get Eight of the Finest Novelties, really worth one dollar, for only 25 cts., and in the bag containing each collection is enclosed our New Leaflet on the CULTURE OF SWEET PEAS, revised and rewritten for 1908. We "Know Sweet Peas,"—but are learning more each season and want to give you not only The Choicest Seed but also the full benefit of our experience on "How to Grow."

Burpee's Bountiful Collection of Ten "True and Tried" Standard Sweet Peas.

For 25 Cts. we will mail one full-size packet (70 to 100 seeds each) of the following Ten most popular standard Sweet Peas. None of these are of the New "Spencer Type," but each is the best of its color in the popular grandiflora type,—of large size and fine form: BURPEE'S AURORA, the best striped,—BURPEE'S DAINTY, the most lovely picotee-edged,—COUNTESS CADOGAN, clear light blue,—DAVID R. WILLIAMSON, deep indigo-blue,—DOROTHY ECKFORD, the popular white,—FLORA NORTON, the best lavender,—JANET SCOTT, pronounced "The Best Pink,"—KING EDWARD VII, the most popular scarlet,—OTHELLO, the deepest maroon, and a large ten-cent packet of the unequalled Special New BURPEE'S BEST MIXED FOR 1908.

WHOLESALE. This and the other popular quick-selling 25-cent collections are supplied at \$1.80 per dozen, or \$13.50 per 100.

Burpee's "Dollar Box" for 1908.

For One Dollar we will mail all the above eighteen varieties, but instead of a packet we will send one full ounce of BURPEE'S BEST MIXED FOR 1908, together with a regular size packet of the following Seven Superb Novelties, described in THE FARM ANNUAL FOR 1908. BURPEE'S WHITE SPENCER, the largest and most beautiful of all white Sweet Peas,—HELEN LEWIS, gigantic fluted crimson-orange,—HELEN PIERCE, the unique gloxinia-flowered blue mottled,—HENRY ECKFORD, the intense bright shining orange self,—HORACE WRIGHT, Eckford's new bluish maroon,—SYBIL ECKFORD, an exquisite combination of rich apricot and lemon,—QUEEN OF SPAIN, the new dainty ivory-pink.

These 25 varieties, each in regular retail packets, at prices "per pkt." would cost \$2.65,—if purchased separately either from us or elsewhere,—and you could hardly obtain all these varieties from any other one seedsman. We have been recognized for many years as AMERICAN "HEADQUARTERS FOR SWEET PEAS" and are determined to spare neither labor nor money to maintain this unique position.

WHOLESALE. We offer any of the quick-selling popular 25-cent collections at \$1.80 per dozen, \$13.50 per 100. For the "Dollar Boxes" we charge 60 cents each,—thus allowing the dealer a profit of forty per cent.

QUEEN ALEXANDRA

3034 KING EDWARD VII.

W. ATLEE BURPEE & CO., SEED GROWERS AND SWEET PEA SPECIALISTS, PHILADELPHIA, PA.

Burpee's GEM COLLECTION of Annuals

"Encourage the Beautiful, for the Useful encourages itself."—GOETHE.

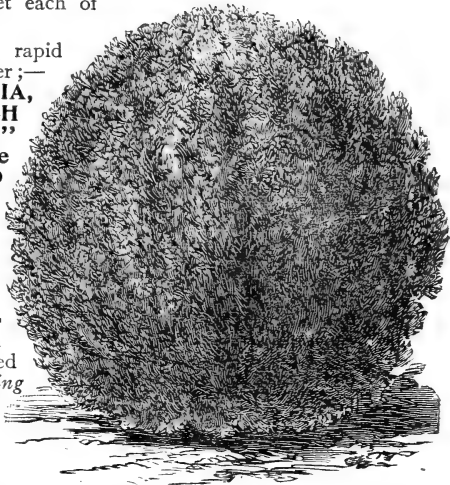

Eight Packets Beautiful Flowers for 25 Cts.

For 25 Cts. we will mail one packet each of the following:—

FUCHSIA-FLOWERED IPOMŒA, the rapid growing and most gracefully attractive new climber;—**BURPEE'S "MAGNIFICENT" CELOSIA**, of remarkable brilliancy;—**DWARF FRENCH MARIGOLD**, "STRIPED PERFECTION," lovely colors, perfectly double;—**The Burpee Blend of NEW GIANT-FLOWERED PANSIES**,—as improved for 1908.

The Four named above are **NOVELTIES** of Real Merit, well worthy a place in the garden. The collection contains also one ten-cent packet each of **LITTLE GEM SWEET ALYSSUM**, described on page 125;—**FORD-HOOK FAVORITE ASTERS**, as described on page 127;—**KOCHIA TRICOPHYLLA**, described on page 132, and *Burpee's Fordhook Largest-flowering PHLOX DRUMMONDII*, as described on page 140 of *THE FARM ANNUAL FOR 1908*.

Purchased separately these eight packets would cost **80 cts.**, but all are mailed for **only 25 cts.**; **Five Collections for \$1.00.**

A Plant of *KOCHIA TRICOPHYLLA*.

Wholesale. This and the other popular *quick-selling* 25-cent collections are supplied at **\$1.80 per dozen**, or **\$13.50 per 100 collections** sent by express or freight at purchaser's expense.

In every instance the pages referred to are those of *THE FARM ANNUAL FOR 1908*.

Burpee's New Collection of Nasturtiums.

For 25 Cts. we will mail one *full-size packet* each of the wonderful **New Variegated Queen**,—the first of *Burpee's New "Royal-Race" of Variegated-Leaved Tall Nasturtiums*, described on page 106,—the **New Blend of Burpee's Brilliant Beauties in Tom Thumb Nasturtiums**, as described on page 115,—*Burpee's New Giant-flowered Tall Nasturtiums*, as described and illustrated on page 116,—the remarkable new complete mixture of *Burpee's Tall Ivy-Leaved*, illustrated and described on page 116,—*Dwarf Lilliput Mixed*, described on page 136, and *Burpee's "Crazy-Quilt" Bush*, a special mixture of all dwarf varieties including the wondrously beautiful new *Bush Ivy-Leaved*.

Purchased separately these six packets would cost **55 cts.**

In every instance the pages referred to are those of *THE FARM ANNUAL FOR 1908*.

See pages 43 to 45 of this catalog, where all desirable varieties of Sweet Peas are offered—the best of both old and new. We are "**Head-quarters on Sweet Peas.**"

In
every
instance
the pages
referred to
are those of
THE FARM
ANNUAL
FOR 1908.

At regular prices "per oz." these amount to \$2.80, but all sixteen ounce packages, neatly boxed, with "HOW TO GROW SWEET PEAS," rewritten for 1908, will be mailed to any address in the United States upon receipt of ONE DOLLAR.

For \$1.00 we will mail one full ounce each of BURPEE'S BRILLIANT BEAUTIES FOR 1908,—the best blend of new Tom Thumb Nasturtiums as described on page 115, BURPEE'S DWARF IVY-LEAVED NASTURTiums, all colors in mixture as described on page 136, DWARF LILLIPUT in mixture as described also on page 136, TOM POUCE NASTURTiums, the distinct small-flowered *Tropaeolum Minus* as described on page 149, BURPEE'S GIANT-FLOWERED TALL NASTURTiums in unequalled mixture as described on page 116, BURPEE'S TALL IVY-LEAVED of many colors as described also on page 116, TALL FRENCH CHAMELEON and BURPEE'S "HOTSPUR HARLEQUIN" as described on page 149.

With the eight full ounces of varieties named above we shall include also one-half ounce of the surpassingly beautiful New VARIEGATED QUEEN NASTURTium shown on Colored Plate and described on page 106. In all, this makes 8½ ozs. of seed, which purchased separately at regular retail prices would amount to \$1.85, but all are included, together with our new LEAFLET ON CULTURE (revised for 1908), neatly packed in a box and mailed to any address in America or countries with which we have Parcels Post, on receipt of \$1.00.

Burpee's "Full-Pound" Dollar Box of Sweet Peas for 1908.

This New Dollar Box contains one full ounce package each of the following superb new varieties described in THE FARM ANNUAL FOR 1908: QUEEN ALEXANDRA, the new fadeless scarlet, —BOLTON'S PINK, a superb new rich pink, —AGNES ECKFORD, a lovely shade of soft pink, —HORACE WRIGHT, Eckford's new bluish maroon, and Dobbie's MRS. COLLIER, the beautiful new primrose.

Also one full ounce package of PRINCE OF WALES and each of the ten true and tried standard Sweet Peas contained in Burpee's "Bountiful" Collection advertised on page 170. These

ten are BURPEE'S AURORA, —BURPEE'S DAINTY, —COUNT-ESS CADOGAN, —DAVID R. WILLIAMSON, —DOROTHY ECKFORD, —FLORA NORTON, —JANET SCOTT, —KING EDWARD VII, —OTHELLO and the unequalled special new BURPEE'S BEST MIXED FOR 1908. The pages referred to are those of THE FARM ANNUAL FOR 1908.

Wholesale, we charge 60 cts. per box for the "Dollar Boxes" of Nasturtiums, Sweet Peas, and the Full Pound Dollar Box of Sweet Peas, thus allowing the dealer a profit of forty per cent. on these popular offers.

Burpee's Seeds are Famous for their Prize-Winning Products.

At the TRANS-MISSISSIPPI and INTERNATIONAL EXHIBITION, held at OMAHA in 1898, we received **Three Gold Medals** on our exhibits of *Roses*, *Cannas*, and *Sweet Peas*. At the PARIS EXHIBITION we received the **Only First Prize** on **Sweet Peas** and a **Silver Medal** for photographs showing views of Trial Grounds, Seed Crops, and Seed Cleaning as conducted at FORDHOOK FARMS. At the PAN-AMERICAN EXPOSITION, BUFFALO, 1901, we were awarded a **Silver Medal** on *Sweet Peas*.

At the WORLD'S FAIR, ST. LOUIS, 1904, the products of **Burpee's Seeds**, together with our own growing exhibits, won **TWO GRAND PRIZES, THREE GOLD MEDALS, and FOUR SILVER MEDALS**. At the LEWIS AND CLARK EXPOSITION, PORTLAND, OREGON, 1905, we were awarded the only **Gold Medal** for lawns produced by FORDHOOK FINEST LAWN GRASS, and the only **Gold Medal** for growing display of Sweet Peas.

BURPEE'S NEW CABINET

OF

VEGETABLE SEEDS.

This is a handsome cabinet, beautifully finished in hardwood, that will be an ornament to any store. It stands 40 inches high and is 30 inches broad, divided into 48 compartments. The front of each packet of seed is shown, while the packets are held in place by a neat metal bar across each compartment. Cost of cabinet alone is **\$4.00**, but we will supply the **cabinet complete**, filled with **1000 packets** of seed as enumerated below, for **\$20.00**.

The sale of these (at 5 cts. per packet) will allow a clear **profit of \$30.00**, and give the cabinet **Free**.

Burpee's New Vegetable Seed Cabinet contains 1000 Packets as per List given below.

ADDITIONAL PACKETS

of any of the varieties mentioned above, to fill up the cabinet, will be supplied at the uniform price of

\$2.50 per 100 packets, or

\$2.00 per 100 packets, when 500 packets or more
are ordered at one time.

New Tomato,—Burpee's Earliest Pink.◦

Burpee's Earliest Pink has proven to be the very earliest ripening and the finest in flavor of home garden and for market. Of the large number of reports received from planters the past two seasons, nearly all have been unanimous in stating that it was the *earliest* in ripening and *finest* flavored tomato they had ever grown. The summer season at FORDHOOK the past year (1907) was very late, the weather being cool, with frequent heavy rains, but notwithstanding these unfavorable conditions, BURPEE'S EARLIEST PINK gave the first ripe fruits from our 173 trials of tomatoes,—all of which had been planted at the same time and grown under the same conditions.

Burpee's Earliest Pink was the first tomato of good size to show ripe fruits, and also for the variety, not excepting *Sparks' Earliana*. The result of our own and our customers' trials the past season justify our claims of *extreme earliness* and *fine quality*. While this tomato originated and was developed on light, warm, well-drained soil of one of the leading truck sections of northern New Jersey, it has generally proven to be equally as early when grown on heavier soils and in sections where the season is comparatively cool.

Burpee's Earliest Pink has a most desirable habit of growth. When transplanted six inches apart in the beds early in the spring, the young plants develop large clusters of buds and blossoms when about six to eight inches in height; the beds are quite *yellow with blossoms*, while plants of *Sparks' Earliana* started at the same time are only forming buds. The young plants are distinct also in that they form quite a number of side branches below the first blossoms when other extra early kinds have only the single central stalk and do not develop any side shoots until after they have been set in the field. BURPEE'S EARLIEST PINK gives a bushy, stocky plant to set out instead of a taller single stalk as in other early varieties.

Burpee's Earliest Pink makes a neat rounded compact plant about two feet across and of equal height, blossoming and setting fruit very freely. The foliage is of medium size and of a rich deep green, not liable to blight or disease.

1111 Burpee's "Earliest Pink."

The choicest seed of our own growing at Fordhook Farms and at our Sunnybrook Farm is sold at the following prices: **Per lb. \$3.25**; 5 pounds at **\$3.15 per lb.**; 10 pounds or more at **\$3.00 per lb.**

1115 Burpee's "Earliest Pink."

Seed grown by the originator in Northern New Jersey, which can be had only under our *Registered Trade Mark*. **Per lb. \$5.00**; 5 pounds at **\$4.90 per lb.**; 10 pounds or more at **\$4.75 per lb.**

This illustration is from photograph of a cluster of ten tomatoes weighing 2 lbs. 6½ ozs.

BURPEE'S
EARLIEST
PINK
TOMATO,—
from a Photo-
graph.

Burpee's Earliest Pink

produces numerous clusters of medium-sized tomatoes which measure two and a half to three inches in diameter; they are smooth, quite deep from stem to blossom end; solidly fleshy with few seeds and of the finest flavor.

In many markets *pink tomatoes* are esteemed as being the finest flavored, and the earliest shipments frequently sell for a dollar a crate more than do the earliest red varieties.

Burpee's Earliest Pink, owing to its more robust habit of growth, does not ripen the entire setting of fruits in a period of from three to four weeks as does *Sparks' Earliana* (and *June Pink*), but when planted in rich soil and given good cultivation, continues to set and ripen a good supply of choice tomatoes throughout the season,—a desirable feature both for home use and for market. In very cool weather and on heavy soils a small percentage of the fruits come slightly rough or irregular, but these are so few in number as compared with the total crop, that there is but little waste. Did space permit we could fill pages with enthusiastic reports from delighted planters,—and yet there is no one "BEST TOMATO" for all sections. The grower for market should test and *prove for himself* which is "THE BEST" for his section and his special market conditions.

The compact habit of growth, with abundance of healthy foliage, protects the ripening fruits from sunscald, which in some sections destroys such a large portion of tomatoes of the *Earliana* type, where the growth is open with the clusters lying exposed to hot sunshine following a heavy rain.

For full list of Tomatoes see pages 37 and 38.

The Best Scarlet Tomato!

Burpee's MATCHLESS Tomato.◎

The best large-fruited bright red Tomato. THE MATCHLESS is well worthy of its name; in beauty of coloring and symmetry of form it is indeed without a peer. The vines are of strong vigorous growth, well set with fruit. The engraving accurately shows the form and also the remarkable solidity of a section. The fruits are entirely free from core, of a rich cardinal-red color, and are not liable to crack from wet weather. They are of the largest size, and the size is maintained throughout the season, the healthy growth of foliage continuing until killed by frost. Had we to confine ourselves to one variety it would be THE MATCHLESS, for certainly no other tomato will produce a full crop of extra large scarlet fruits, so smooth, handsome, and marketable as the Matchless. The flesh is so firm that ripe specimens picked from the vine will keep in good marketable condition for two weeks. Its fine quality, solidity, and long-keeping character have made BURPEE'S MATCHLESS TOMATO a great favorite for both market and family use. For selected seed of our own growing at FORDHOOK FARMS we charge at wholesale: Per lb. \$2.25; five pounds at \$2.20 per lb.; ten pounds or more at \$2.10 per lb.

Matchless grown in Ohio and Michigan. This seed, which is also first class (or we would not handle it), we offer wholesale at the following prices: Per lb. \$1.60; five pounds at \$1.55 per lb.; ten pounds or more at \$1.50 per lb.

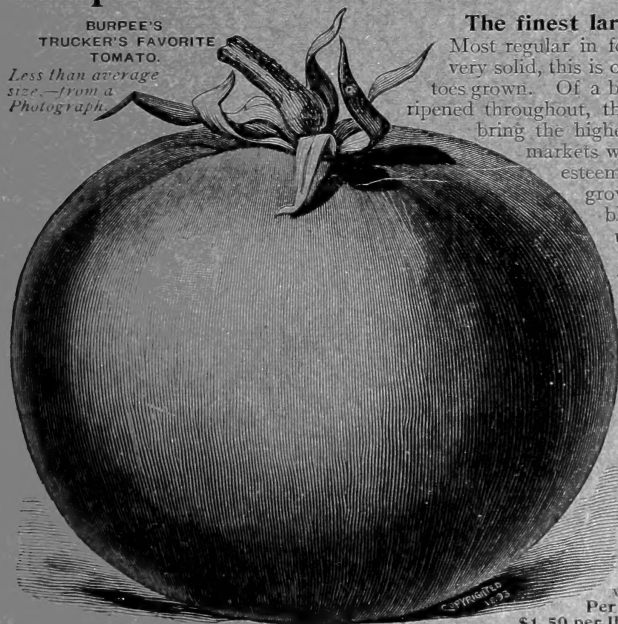

You will get first-class seed whichever you order, but there are some extensive growers for market who would insist upon having Fordhook seed, even if it cost four times as much. Were we willing to publish letters from truckers in the South who grow for the northern markets, it would be a revelation to our readers as to the difference in quality of crops produced,—from BURPEE'S MATCHLESS and seed of so-called 'Matchless' purchased from other seedsmen in Philadelphia and elsewhere.

The Best Purple Tomato!

Burpee's "Trucker's Favorite" Tomato.◎

BURPEE'S
TRUCKER'S FAVORITE
TOMATO.

Less than average
size.—from a
Photograph.

The finest large-fruited purple Tomato.

Most regular in form and size, thick-meated and very solid, this is one of the largest smooth tomatoes grown. Of a beautiful purplish-red color, well ripened throughout, the smooth fleshy fruits always bring the highest prices on our Philadelphia markets where their fine flavor is specially esteemed. The vines are of strong growth, not subject to rust or blight, and bear enormous crops until killed by frost. The fruits continue of large size to the very last and are unexcelled for slicing or cooking.

As a dependable main-crop pink or purple sort no variety in cultivation to-day is the equal of this TRUCKER'S FAVORITE.

Fordhook-Grown. This carefully selected strain cannot be too highly recommended. Wholesale: \$2.25 per lb.; five pounds at \$2.20 per lb.; ten pounds or more at \$2.10 per lb.

First-class seed grown in Pennsylvania, New York, and New Jersey: Per lb. \$1.60; ten pounds or more at \$1.50 per lb.

Celery,—Golden Self-Blanching.©

A Bunch of
GOLDEN
SELF-BLANCH-
ING CELERY—
from a
Photograph.

This is the most popular of all celeries, being grown in large areas for market throughout the country. The early spring and summer supplies come from Florida and other southern points as well as from California, while in the fall and early winter carload shipments are received in the large cities from the celery farms in northern Pennsylvania, New York, and other cool sections.

Golden Self-Blanching

is of such quick growth and easy blanching character, combined with handsome appearance and crisp, sweet flavor, that it is most desirable both for the planter and the consumer. It is also the most satisfactory variety for the home garden, on account of its fine quality and because very little banking is required to secure finely blanched stalks. The plants are of compact growth, the broad thick stalks being from eighteen to twenty inches in height and forming a large handsome bunch. The rich golden-yellow stalks are crisp and brittle, entirely free from stringiness. Owing to its quick growth and tenderness of the stalks, the GOLDEN SELF-BLANCHING is not a good keeper. To have it in the finest condition it should be used or marketed direct from the rows where it is grown.

In growing this fine celery, either for home use or for market, it is essential that the planter should use only seed which has been saved from carefully selected plants, —otherwise there is danger of the plants producing hollow or pithy stalks in hot dry weather.

Golden Self-Blanching was first introduced by us from France in 1884, and we handle only the most costly seed grown in France for us by the originator. Our superb strain can be relied upon to produce plants of uniform growth with crisp, solid stalks of the finest character. The true stock will produce, however, a few plants with dark-green stalks, but as a rule these dark-green plants average less than two per cent., while in some seasons not a single plant "reversion" is seen in a large field.

Wholesale: Finest French grown seed, at **\$2.75 per lb.**; 5 lbs. at **\$2.65 per lb.**; 10 lbs. or more at **\$2.50 lb.**

THE NILES CELERY FARM.

WELLSBORO, PA., December 18, 1906.

W. ATLEE BURPEE & Co., Philadelphia.

Gentlemen:—For the past five years we have used your GOLDEN SELF-BLANCHING CELERY seed for our main crop, and have never had any serious loss on this stock from what is known as "Blight."

Every year we test seed from other firms, and this season we got a loss of nearly one thousand crates as the result of our experiments. We could trace the leaf trouble back to the beds where the plants showed poor roots and pale seed leaves in their early growth.

After our five years' experience we are now fully convinced that we must have celery seed from healthy plants to produce strong, vigorous stock.

The market requires larger celery every year, and unless our plants start out as soon as set in the field with a vigorous growth they are not in any condition to withstand the hot dry weather of August and September.

Last season we used seed sent us in 1905 and still have a small quantity on hand. We did not order any last year, i. e., in 1906. If you are able to get us any seed from extra good stock, grown by reliable parties, we will appreciate the attention given our order, and gladly pay for any extra expense and trouble you may be put to. This is of vital importance to our success in our business. Our loss this year by using new seed is fully \$3000.00 and we do not care to repeat our experience another season. . . . Prices in October and November were out of sight and helped us to recover the ground lost early in the season.

We also want the best *Big Boston Lettuce* seed that money and your experience can buy. A crop of lettuce from clean seed, true to name and free from freaks and sports, will bring in more money than celery. We have had lettuce fields where over one-half of the plants would be false heads and all sorts of strains besides *Big Boston*. This is the only variety of any value to ship to Philadelphia and is used by all leading growers in the South for winter.

We have been buying all over and your stock and — have given us the most satisfaction. Please let us hear from you, and oblige,

Yours truly,

AARON R. NILES.

Two Sample Letters (entirely unsolicited) from Extensive Growers.

MONTROSE FARM.

C. H. KENNERLY, Proprietor.
PALATKA, FLORIDA, April 29, 1907.

W. ATLEE BURPEE & Co., Philadelphia, Pa.

Gentlemen:—I wish to tell you of the success I have had with your strain of GOLDEN SELF-BLANCHING CELERY SEED. If I had bought the seed and they had gone back on me I should have registered a kick, and since I have gotten such excellent results I think it is only justice to you that I tell you of it.

I set out this season between thirty and thirty-five thousand plants, and notwithstanding the severe drought I cut from this patch six hundred crates of fancy celery. You will see from this that the celery had to average four dozen to the crate straight through, a lot of it running two dozen to the crate. I sent Mr. John Simon (who handles all my celery in Philadelphia) a crate of the two dozen. He can tell you just how it was as to quality. I am just in receipt of a letter from Mr. John Simon, and will quote you what he says in regard to the quality of this celery.

Some of the celery we received from you marked 'Extra Fancy' was of the prize-taking kind, and I was very much disappointed at being obliged to sell it at such prices as our market offered.

I have been at the business long enough to test the leading seedsmen's strains of *Golden Self-Blanching*, and for my crop—give me BURPEE'S!

I use your seed exclusively, and if you wish to use them can send you some pictures of my farm showing vegetables growing from your seeds. I also have a picture, taken a day or so ago, of twelve stalks of celery weighing twenty-four and a half pounds, and this was just the average size of celery we cut.

I have in three acres of your tomatoes and let me tell you they are fine, especially *Burpee's Earliest Pink*.

Yours truly,

(Signed) C. H. KENNERLY.
